SUMMARY

Passionate and hardworking entry-level MERN Stack Developer with hands-on experience building web applications using MongoDB, Express.js, React.js, and Node.js. Proficient in creating responsive user interfaces, developing efficient server-side logic, and integrating full-stack solutions. Strong problem-solving and communication skills, with a keen interest in continuous learning and team collaboration.

CERTIFICATIONS

- **Full Stack Development** – Entri Elevate Academy (2024)
  Acquired comprehensive knowledge in front-end and back-end web development, including HTML, CSS, JavaScript, APIs, databases, and deployment tools.

- **MERN Stack Development** – Entri Elevate Academy (2024)
  Specialized in building full-stack applications using MongoDB, Express.js, React.js, and Node.js through hands-on project development.

PROJECTS

Court-Booking App – *MERN Stack*

🌐 [Live App](#)

A web application for booking football and cricket grounds.

- Implemented secure user authentication with JWT.

- Enabled online payments and booking functionality.

- Designed admin-only features for slot and court management.

- Built scalable backend with Express.js and MongoDB.

- Developed full CRUD operations for bookings and user data.

Click-Post App – *MERN Stack*

🌐 [Live App](#)

A platform for photographers to showcase and receive feedback on their work.

- Created user accounts with secure JWT-based authentication.

- Developed features for posting, viewing, and evaluating photography work.

- Built backend architecture with Node.js and Express.js.

- Enabled community engagement and content management with full CRUD operations.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript, Python, C++, C, HTML, CSS, Bootstrap, React, Redux, Node.js, Express.js, MongoDB, Odoo
Development: Full Stack Development, Front-end & Back-end, JSX, CRUD Operations
